After many intricate experiments, scientists have discovered methods for obtaining all the natural digestants. These have been combined in the proportion found in the human body and united with substances that build up the digestive organs, making a compound called Kodol Dyspepsia Cure. It digests what you eat and allows all dyspeptics to eat plenty of nourishing food while the stomach troubles are being radically cured by the medicinal agents it contains. It is pleasant to take and will give quick relief. Anti-Monopoly Drug Store, Ocala, Fla.
